

## Sydney Tower Venues

Sydney Tower's golden crown has three individual dining venues with spectacular panoramic views over the Sydney skyline perched 305 metres above the city CBD.

They each provide a unique dining experience.

- On level 1 the stylish 360 BAR AND DINING is setting the quality benchmark for revolving restaurants worldwide.
- World famous Sydney Tower Restaurant on level 2 is now a contemporary, international buffet with a vibrant ambience that compliments the spectacular Sydney skyline.
- Sky Lounge on level 3 is the city's highest and most flexible function space available for private and corporate events and is open to the public for special celebrations.

360 BAR AND DINING and Sydney Tower Restaurant both have full floor revolution so that diners are treated to a complete 360 degree journey around the spectacular Sydney skyline every 70 minutes while they dine.

Australian International Hospitality Group (AIH), a benchmark investor in the restaurant and hospitality industries, commenced management of the leases for all three venues in March 2006. AIH has totally restructured management, customer service and has updated interiors in the intervening period.

### **360 BAR AND DINING**

Sydney Tower's stylish and intimate restaurant. Designed by Michael McCann in late 2005, its physical detail has required little repolishing. Its translucent, golden shell bar is a major feature highlighting the luscious interior tones of chocolate and gold.

Venue management, service and menus have been completely replaced. The new Manager is Catherine McGoldrick. Previously in charge of Park Hyatt's Harbourside Grill, Catherine's standards are exceptional.

The Executive Chef is the multi award winning George Diamond, previously of Siggis in Brisbane which held the title "Restaurant of the Year" for five consecutive years whilst George was Executive Chef.

George's Pastry Chef is Anna Polyviou who served her apprenticeship at Hotel Sofitel in Melbourne. Anna won the Les Toque Blanches competition for Best Apprentice in Victoria and chose to work at Claridges, where she picked up more awards, most notably the Nadell Trophy for Best Dessert in the UK.

360 is popular for corporate entertaining, special occasions and for discerning diners seeking exceptional food, service and ambience.
